

SECTION 1: IDENTIFICATION OF THE SUBSTANCE AND SUPPLIER

Product name:	Bloataid Tracer HiSe
Product code:	A6753
Recommended use:	For the control of bloat in cattle by drenching. Aids in the control of bloat in cattle by water trough administration. Aids in the prevention and treatment of mineral deficiencies while treating for bloat.
Company details:	Merial Ancare
Address:	Level 3, Merial Building Osterley Way Manukau City New Zealand
Telephone number:	Phone: +64 9 980 1600 Fax: +64 9 980 1601
Emergency telephone number:	Merial Ancare Freephone: 0800 800 822 National Poisons Centre: 0800 764 766 (0800 POISON) Fire Service, Ambulance: Dial 111
Date of preparation:	17 September 2007

SECTION 2: COMPOSITION/INFORMATION ON INGREDIENTS

Chemical characterization: Liquid containing ethylene oxide propylene oxide copolymer and nonylphenol ethoxylate. Also contains selenium oxide.

Product components:

<u>Name</u>	<u>CAS</u>	<u>Proportion</u>
Nonyl phenol ethoxylate (NPE)	127087-87-0	}
Ethoxylate propoxylate ethoxylate alcohol mixtures (surfactant)	}9003-11-6	}101.9%w/v
Mineral mix (Cu, Co, I ₂ , and Se)	}	}
Inerts determined to be non hazardous	mixture	<10%w/v
	-	To volume

SECTION 3: HAZARDS IDENTIFICATION

Hazard classifications:	6.1E, 6.3B, 6.4A, 6.5B, 9.1A
Priority and secondary identifiers:	<i>Harmful – keep out of reach of children</i> Ecotoxic
Risk and safety phrases:	May be harmful if swallowed, inhaled or absorbed through the skin. Avoid skin contact or inhalation. Wash hands and exposed skin before meals and after work.

Warning – may cause mild skin irritation. Avoid skin contact.
 Harmful – may cause eye irritation. Avoid contact with eyes.
 Warning – Repeated exposure may cause skin allergy. Avoid skin contact.
 Ecotoxic – Very toxic to aquatic organisms. Avoid contamination of any water supply with product or empty container.

SECTION 4: FIRST AID MEASURES

Necessary first aid measures:

Contact the National Poisons Information Centre for further information: phone 0800 POISON (764 766)

Eye Contact: Flush eyes with plenty of water for 15 minutes holding eyelids open if necessary. Seek medical assistance.

Skin Contact: Immediately flush body and clothes with large amounts of water. Remove contaminated clothing and footwear. Wash affected areas with soap and water. If a large area is affected seek medical assistance.

Inhalation: Remove patient to fresh air. Lie down and keep warm and rested. If breathing is shallow or has stopped ensure airway is clear and apply resuscitation. Seek medical assistance immediately.

Ingestion: Never give anything by mouth to an unconscious person. Do NOT induce vomiting. Seek medical assistance immediately.

Other First Aid: For all routes of exposure immediate dilution is essential.

Workplace facilities:

Facilities storing or utilising this material should be equipped with an eyewash facility.

Required instructions:

N/A

Notes for medical personnel:

Treat symptomatically.

SECTION 5: FIRE FIGHTING MEASURES

Type of hazard:

This material may produce a floating fire hazard.

Fire hazard properties:

Thermal decomposition products may include toxic vapours of carbon monoxide, carbon dioxide.

Flash Point: 250°C _(c.o.c) (surfactant)

Regulatory requirements:

N/A

Extinguishing media and methods:

Product is not combustible. Use media appropriate to the underlying cause of the fire. Cool the containers with water. Contain run-off. Keep non-involved persons away.

Hazchem code:

N/A

Recommended protective

Wear protective clothing and self contained breathing apparatus.

clothing:

SECTION 6: ACCIDENTAL RELEASE MEASURES

Emergency procedures:

Wear protective clothing. Clear area of unprotected personnel. Caution – floor surface will be slippery.

Contain small spills and absorb with sand, soil or absorbent granules. For large spills dike and pump as much as possible into a polythene lined salvage drum.

Do not allow product or washings to enter the waterways or sewer. If spill does enter waterways contact the local authority. Collect in an appropriate sealable container for disposal in an approved landfill.

SECTION 7: HANDLING AND STORAGE

Precautions for safe handling:

An adequate supply of water must be available in storage and handling areas.

Regulatory requirements:

N/A

Handling practices:

N/A

Approved handlers:

Not required

Conditions for safe storage:

Store in original container in a ventilated place away from direct heat. Store away from foodstuffs, children and animals. Keep container sealed when not in use.

Store site requirements:

N/A

Packaging:

N/A

SECTION 8: EXPOSURE CONTROL/PERSONAL PROTECTION

Workplace exposure standards:

No exposure limits have been specifically assigned for this product.

Application in the workplace:

N/A

Exposure standards outside the workplace:

No exposure limits have been specifically assigned for this product.

Engineering controls:

Use in good natural ventilation.

An adequate supply of water must be available in storage and handling areas.

Personal protection:

Avoid unnecessary contact.

Wash contaminated clothing before storage or reuse.

Wash thoroughly after handling and before eating, drinking or smoking.

References:	N/A

SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

Specify product data:	<u>Appearance:</u> Thick, jade green liquid <u>Boiling Range:</u> >250°C (NPE) <u>Solubility in Water:</u> miscible <u>Specific Gravity:</u> 1.055g/mL @ 20°C <u>Flash Point:</u> 250°C (c.o.c) (surfactant)
Required specifications:	N/A
Further specifications:	N/A
Specific advice:	N/A

SECTION 10: STABILITY AND REACTIVITY

Stability of the substance:	Stable under normal conditions
Conditions to avoid:	Not physically compatible with magnesium sulphate (Epsom salts).
Material to avoid:	Avoid strong bases, acids and oxidising agents.
Hazardous decomposition products:	N/A
Hazardous polymerization:	Will not occur
Specific data:	N/A

SECTION 11: TOXICOLOGICAL INFORMATION

Data and interpretation:	<u>Toxicity Data</u>	
	<u>NPE</u>	<u>Surfactant</u>
	Acute oral LD ₅₀ (rat):	>2000mg/kg >5000mg/kg
	Traces of Bloataid Tracer Hi-Se may be toxic to calves especially pre weaning.	
Summaries data:	N/A	
Effects of Acute Exposure	<u>Eye Contact:</u> Will cause severe irritation, experienced as discomfort or pain, excess blinking and tear production, marked excess redness and swelling of the conjunctiva, and chemical burns of the eye (NPE). <u>Skin Contact:</u> Prolonged or repeated contact may cause discomfort and local redness (NPE). Repeated overexposure may cause dermatitis.	

**Effects of
Chronic
Exposure**

Inhalation: Aspiration into the lungs may occur during ingestion or vomiting, resulting in lung injury.

Ingestion: May cause abdominal discomfort, nausea, vomiting and diarrhoea (NPE).

Other Health Effects: Overexposure may aggravate existing medical conditions.

No further data available.

SECTION 12: ENVIRONMENTAL INFORMATION**Potential
environmental
interactions:**

Toxic to fish. No not contaminate drains or any water supply with product.

**Data
organisation :**

N/A

**Environmental
risk and safety
phrases:**

Environmentally hazardous substance, Liquid, N.O.S.

SECTION 13: DISPOSAL CONSIDERATIONS**Disposal
information :**

Product disposal: To avoid disposal all attempts should be made to utilise the product completely in accordance with its registered use. Prevent the product from entering natural water sources.

Container disposal: Burn empty container if wind direction permits, otherwise crush and bury in landfill.

SECTION 14: TRANSPORT INFORMATION**Relevant
information:**

DG Class 9 for road transport

UN 3082

Maximum Transport Quantity: 250 L

Tracking not required

**Other
requirements:**

N/A

SECTION 15: REGULATORY INFORMATION**Regulatory
status:**

Registered pursuant to the ACVM Act 1997, No. A6753. See www.nzfsa.govt.nz/acvm for registration conditions.

Approved pursuant to the HSNO Act 1996, Approval Code HSR002024. See www.ermanz.govt.nz for approval conditions.

**HSNO and ACVM
controls:**

Refer to Section 3

List exposure

No exposure limits have been specifically assigned for this

limits: product.

SECTION 16: OTHER INFORMATION

Additional information:
